Nomination Papers for Sorrento Town Officers are still available

Due to an oversight this year's election of Town Officers will be delayed. Maine law requires that the nomination papers for elected Town Officials be available 100 days before the election and are due to be returned with the required signatures 60 days before the election. Kathi, our new Town Clerk, among many other positions, is doing a great job learning many, MANY things to run the Town Office but it is my job, as Chairman of the Board of Selectmen, to supervise her and help her beyond her education classes so that things like this don't happen. Unfortunately I didn't remind her of this important schedule and I apologize. So, this year the nomination papers were first available July 29 and they are due to be received at the Town Office before closing on September 6th. The election for officers, will occur on November 8th. The open meeting portion of the Annual Town Meeting will still occur as usual on September 27th.
